

EDUCATING THE PUBLIC

Peace Action has created a voter guide focusing on the occupation of Iraq, threats to Iran, and nuclear abolition as key political issues. That guide, as well as local and national guides, is highlighted on our Peace Voter website (www.peacevoter.org). There you will find ample resources to get informed on the candidates and active in the election.

PEACE VOTER CAMPAIGN

Building on 2006

In 2006, the national office and about 40 devoted affiliate groups led several different projects in 55 different races under Peace Action, Peace Action PAC, and Peace Action Education Fund.

We wrote and distributed hundreds of thousands of non-partisan voter guides in 18 competitive areas around the nation: Pennsylvania's 7th and 8th Districts, Wisconsin's 1st, 2nd and 6th, 3rd and 7th, 4th and 5th, and 8th District and Senate races, New Hampshire's 2nd District, New York's 13th District, Maine's 1st District and Senate, and New Jersey's 7th District and Senate and 4th District and Senate. Ultimately, millions of voters read our voter guides.

Peace Voter initiated and supported over 40 different resolution campaigns across Wisconsin, Illinois, and Massachusetts to end the war in Iraq. These resolutions passed in every single district where they were on the ballot, often with over two-thirds of the vote.

Our Peace Action PAC endorsed a total of 52 candidates, including 27 existing members of congress who have 100% voting records on peace issues. Of the 52 candidates below that Peace Action PAC and their affiliates endorsed, 43 won in their races.

PEACE VOTER IN 2008

This year we will build on the successes from the election last year by expanding our campaign.

BUILDING THE MOVEMENT

We'll continue our Peace Voter Pledge Campaign through the website and on the ground grassroots lobbying. Last year over 5,000 people pledged, "I will not vote for or support any candidate for Congress or President who does not make a speedy end to the war in Iraq, and preventing any future war of aggression, a public position in his or her campaign."

Through our Peace Voter website (www.peacevoter.org) we give citizen activists the tools to take action in the '08 elections. Whether through organizing a bird-dog or get out the vote campaign, registering your neighbors, finding an affiliate in your community, or just learning about the candidates Peace Voter is one step toward political activism for those outside of Washington.

WORKING WITH CANDIDATES

Through our Political Action Committee Peace Action endorses contributes to, and helps organize the campaigns of the most peacefully minded candidates.
