

Sound the Alarm at Union Station Five Minutes of Stillness Remembering Five Years of War!

March 18th, 5:00 PM

Building on a recent action in New York City, this copy-cat action is an opportunity for all of us to come together in one place to put out a dramatic call for people to join us the next day to commemorate the anniversary of the start of the war and occupation of Iraq.

This action will only take a short amount of time and is perfectly legal so all can participate.

What Will Happen

This action will occur during rush hour at Union Station. At a given time we will enter at different points individually or in groups of no more than 2 or 3. At a set moment as we proceed through the crowds we will all freeze in place holding our positions in frozen motion for 5 minutes for 5 years of war.

When we move again, we will step forward using our collective voice in a call to the people to **"RISE UP – END THE WAR!"** For those that have a few more minutes to spare we will follow-up with intensive leafleting throughout the station.

You can see the incredible video on of what this could be like on Youtube— *Frozen Grand Central*.

The overall message will be **Five Minutes of Stillness Remembering Five Years of War**. This action will kick-off a period of actions culminating 24 hours later with a march on the DNC Headquarters.
